WELCOME

The Bunbury Turf Club is proud to welcome you as a Member of this prestigious racing venue.

On 20 December 2018, Racing and Wagering Western Australia (RWAA) announced funding for several capital projects across WA for the thoroughbred code. The highlight of this announcement was a \$17M commitment to track upgrades at Bunbury. The upgrades at Bunbury include:

- New Course Proper (All-weather Turf) – 20m wide
- New Training Track (Sand/Fibre) – 17m wide
- New Drainage across both tracks
- New Irrigation System across all tracks (including the realigned jog track)
- New Horse Stalls

The race dates for 2019/20 are out and the Bunbury Turf Club has been allocated 21 race meetings between October 2019 and March 2020 - business as usual. However, because of the significant drainage works and their importance to the entire project, the perfect time to commence these works is early 2020, when the water table is at its lowest level. We expect to have a much clearer idea of the schedule by August/September 2019, including timelines around the project start date.

The track redevelopment will allow us to provide year-round racing at Bunbury. Local trainers will have a better spread of race meetings throughout the year. The track will have a capacity of 35 race meetings a year but in the short to medium term the club will continue to race 21 meetings a year.

The Committee has endorsed a raft of significant changes to membership in the likelihood that next season may be compromised regarding the actual number of meetings held. We do plan to retain this offer post-development in an endeavour to retain current members and attract new ones.
